U.S. Application No. 10/768,406 Examiner Wood, Art Unit 3722
Response to October 19, 2006 Notice of Drawing Inconsistency

AMENDMENT***IN THE SPECIFICATION:***

Pursuant to 37 CFR § 1.121, below is a marked up version showing changes to the specification. More specifically, reference to Figure 8 is added to Brief Description of the Drawings. Support for this amendment is provided on page 14, paragraph 30 of U.S. Patent Application No. 10/768,406, and Assignee respectfully submits that no new matter has been added.

[0012] The above and other embodiments, objects, uses, advantages, and novel features of this invention are more clearly understood by reference to the following description taken in connection with the accompanying figures, wherein:

FIG 1 is a perspective side view of a hanging tool support assembly according to embodiments of this invention;

FIG 2 is a perspective side view of another hanging tool support assembly according to embodiments of this invention;

FIG 3 is a perspective top view of the hanging tool support assembly of FIG 1;

FIG 4 is a perspective front view of the hanging tool support assembly of FIG 1;

FIG 5 is a perspective side view of still another hanging tool support assembly according to the embodiments of this invention;
